Death of Mrs. Rush.

Mrs. Ruth Rush, nee Miss Dobbins, died at the residence of her son on the 2nd inst. and was buried at Trinity Church on the 4th. Rev. John Attaway conducted the funeral services which were attended by quite a number of her former friends and neighbors. Mrs. Rush's old home was near Trinity Church. She was about eighty-six at the time of her death. She leaves three children, viz: Mr. J. C. Rush, of our town, Mrs. Col. W. S. Pickens and Mrs. Martin, of Pickens County, to mourn their loss. Mrs. Rush was converted in early life, afterwards joined the Methodist Church and lived a faithful member all of her life. She was highly esteemed by all who knew her. — *Williamston News.*

Sale of Blue Ridge Railroad.

The Blue Ridge Railroad was sold at public outcry in this city last Monday under an order of the United States Court by special master T. P. Cothran, of Greenville. The property was bid off for \$100,000 by Messrs. Fairfax Harrison, Washington, D. C., and B. L. Abney, of Columbia, S. C., attorneys, representing the Southern Railway Company. These gentlemen claim that the Southern has nothing to do with the purchase, and that they will operate it independently of the Southern Railway. Due notice was given by several attorneys that the sale did not include certain property in this city and Oconee County that had been sold by the old C. & G. R. R. Co. to certain individuals.

A Worthy Young Man Killed.

Mr. E. F. Reed, of Varennes Township, received a telegram yesterday conveying the sad news that his second son, Lucius E. Reed, had been shot and killed at Cleveland, Miss., yesterday morning. No particulars were given. The deceased left this County about eighteen months ago to accept the position of superintendent of the plantation of Lafayette Pearman, a brother of S. N. Pearman, this County, and was pleased with his work and his adopted home. He was 22 years of age, a most worthy, upright young man, and was highly esteemed by all who knew him. The remains will be brought here and buried at Ebenezer Church. The grief-stricken parents have the sympathies of all their friends in their sore bereavement.

A Fine Residence Burned.

The handsome and commodious dwelling house of Rev. W. B. Hawkins, on West Franklin street, was burned to the ground last Saturday night about 11:30 o'clock. The house was just being completed and Mr. Hawkins expected to move into it in a few days. The firemen responded promptly to the alarm, but the house was almost enveloped in the flames before they reached it, and they used their hose in saving the house of H. H. Edwards near by. It is not known how the fire originated, and it is believed to be the work of an incendiary, for there had been no fire in the house or about the premises. The house was valued at about \$2,000, and Mr. Hawkins had insurance to the amount of \$1,000 in the Anderson Mutual Co. The company has paid the insurance and he expects to rebuild as soon as possible. His many friends deeply sympathize with him in his loss.

J. B. LEVERETT, Sec.

Mr. Editor: Please allow us space in your paper to inform some ill informed person who so ably eulogized in your last issue two celebrated Winston Churchills in one. That both are brilliant young men, but Winston Churchill, the war correspondent and parliamentarian, and Winston Churchill, author of "The Celebrity," "Richard Carvel" and "The Crisis" are by no means one and the same person. We suggest that the writer of the article make better use of Anderson's Public Library.

A negro named Pat Carson was living in the house at the time, and lost all his furniture and household goods, barely getting his family out in time. The fire is supposed to have been caused by a defective flue in the kitchen. The loss is covered by a policy in the Abbeville-Greenwood Mutual Co.

J. M. T. BURKISS.

The great secret of a merchant's success is in buying his goods right. Sullivan Hardware Co. have a regular Wholesale Department, and since opening same their trade has increased in volume very rapidly. In this age of sharp competition, merchants are looking more closely after prices, and they are finding that they can buy at wholesale from this house cheaper than by sending their orders away from home and paying freight. The reason for this is that the Sullivan Hardware Co. are always wide awake and make contracts ahead with the manufacturer direct; besides they employ a resident buyer in New York, with branch offices in other cities, who keep in touch with all large factories, which gives this house the advantage of knowing just where their spot cash orders will obtain the lowest prices. It is much more satisfactory for merchants to buy in a home market when they can save money by doing so, and that is what Sullivan Hardware Co. propose to do for their trade. Anything in the Hardware line can be bought from them as low, often much lower, than the same class of goods are offered by other wholesale houses. If you have not investigated this fact, they stand ready to prove it if you will give them your orders.

Contractors and Bridge Builders are perhaps not aware of the fact that Sullivan Hardware Co. have an improved Cutting and Threading Machine, operated by electricity, and can cut and thread more pipe and bolts in a day and do the work better than could be done by hand in ten days. They are prepared to make estimates and fill orders promptly.

OFFICE D. H. HARDY, Sec. of State, Austin, Tex., Nov. 21, 1890.

I have found Dr. Moffett's TEETHINA, a splendid remedy and aid for my teething children. When my oldest boy was a teething child, every succeeding day warned us that we would inevitably lose him. I happened upon TEETHINA, and began at once administering it to him, and his improvement was marked in 24 hours, and from that day on he recuperated. I have constantly kept it and used it since with my children, and have taken great pleasure in sounding its praises to all mothers of young children. I found it invaluable even after the teething period was passed.
